MANAGEMENT'S RESPONSIBILITY FOR FINANCIAL REPORTING

The accompanying unaudited condensed interim financial statements of Canstar Resources Inc. (the "Company" or "Canstar") are the responsibility of management and the Board of Directors.

The unaudited condensed interim financial statements have been prepared by management, on behalf of the Board of Directors, in accordance with the accounting policies disclosed in the notes to the unaudited condensed interim financial statements. Where necessary, management has made informed judgments and estimates in accounting for transactions which were not complete at the statement of financial position date. In the opinion of management, the unaudited condensed interim financial statements have been prepared within acceptable limits of materiality and are in accordance with International Accounting Standard 34 - Interim Financial Reporting using accounting policies consistent with International Financial Reporting Standards appropriate in the circumstances.

Management has established processes, which are in place to provide it with sufficient knowledge to support management representations that it has exercised reasonable diligence in that (i) the unaudited condensed interim financial statements do not contain any untrue statement of material fact or omit to state a material fact required to be stated or that is necessary to make a statement not misleading in light of the circumstances under which it is made, as of the date of, and for the periods presented by, the unaudited condensed interim financial statements and (ii) the unaudited condensed interim financial statements fairly present in all material respects the financial condition, results of operations and cash flows of the Company, as of the date of and for the periods presented by the unaudited condensed interim financial statements.

The Board of Directors is responsible for reviewing and approving the unaudited condensed interim financial statements together with other financial information of the Company and for ensuring that management fulfills its financial reporting responsibilities. An Audit Committee assists the Board of Directors in fulfilling this responsibility. The Audit Committee meets with management to review the financial reporting process and the unaudited condensed interim financial statements together with other financial information of the Company. The Audit Committee reports its findings to the Board of Directors for its consideration in approving the unaudited condensed interim financial statements together with other financial information of the Company for issuance to the shareholders.

Management recognizes its responsibility for conducting the Company's affairs in compliance with established financial standards, and applicable laws and regulations, and for maintaining proper standards of conduct for its activities.

NOTICE TO READER

Under National Instrument 51-102, Part 4, subsection 4.3(3)(a), if an auditor has not performed a review of the condensed interim financial statements, they must be accompanied by a notice indicating that the condensed interim financial statements have not been reviewed by an auditor.

The accompanying unaudited condensed interim financial statements of the Company have been prepared by and are the responsibility of the Company's management.

The Company's independent auditor has not performed a review of these condensed interim financial statements in accordance with standards established by the Chartered Professional Accountants of Canada for a review of condensed interim financial statements by an entity's auditor.

CANSTAR RESOURCES INC.
NOTES TO THE CONDENSED INTERIM FINANCIAL STATEMENTS
(EXPRESSED IN CANADIAN DOLLARS)
(UNAUDITED)
THREE AND SIX MONTHS ENDED DECEMBER 31, 2015

1. NATURE AND CONTINUANCE OF OPERATIONS

Canstar Resources Inc. (the "Company" or "Canstar") was formed by amalgamation on April 5, 2005. The Company's registered and head office is located at 56 Temperance Street, Suite 1000, Toronto, Ontario M5H 3V5.

The unaudited condensed interim financial statements were approved by the Board of Directors on February 26, 2016.

The Company is in the process of exploring its mineral properties and has not yet determined whether these properties contain ore reserves that are economically recoverable. The recoverability of the carrying values of mineral properties is dependent upon the discovery of economically recoverable reserves, the preservation of the Company's interest in the underlying mineral claims, the ability of the Company to obtain financing necessary to complete development of the properties, and the future profitable production therefrom or alternatively upon the Company's ability to dispose of its interests on an advantageous basis.

Although the Company has taken steps to verify title to the properties on which it is conducting exploration and in which it has an interest, in accordance with industry standards for the current stage of exploration of such properties, these procedures do not guarantee the Company's title. Property title may be subject to unregistered prior agreements and non-compliance with regulatory requirements.

As at December 31, 2015, the Company had a deficit of \$8,950,000 and working capital of \$522,478. The Company's ability to continue operations and fund its future exploration property expenditures is dependent on management's ability to secure additional financing. Management is actively pursuing such additional sources of financing, and while it has been successful in doing so in the past, there can be no assurance it will be able to do so in the future. These circumstances cast significant doubt on the Company's ability to continue as a going concern. These unaudited condensed interim financial statements do not include the adjustments that would be necessary should the Company be unable to continue as a going concern. Such adjustments could be material.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Statement of compliance:

The Company applies International Financial Reporting Standards ("IFRS") as issued by the International Accounting Standards Board ("IASB") and interpretations issued by the International Financial Reporting Interpretations Committee ("IFRIC"). These unaudited condensed interim financial statements have been prepared in accordance with International Accounting Standard 34, Interim Financial Reporting. Accordingly, they do not include all of the information required for full annual financial statements required by IFRS as issued by IASB and interpretations issued by IFRIC.

The policies applied in these unaudited condensed interim financial statements are based on IFRSs issued and outstanding as of February 26, 2016, the date the Board of Directors approved the statements. The same accounting policies and methods of computation are followed in these unaudited condensed interim financial statements as compared with the most recent annual financial statements as at and for the year ended June 30, 2015, except where noted below. Any subsequent changes to IFRS that are given effect in the Company's annual financial statements for the year ending June 30, 2016 could result in restatement of these unaudited condensed interim financial statements.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

New IFRS standards not yet adopted:

The Company has not yet adopted certain new IFRS standards, amendments and interpretations to existing standards, which have been published but are only effective for its annual periods beginning after July 1, 2015.

IFRS 9 – Financial Instruments (“IFRS 9”) was issued by the IASB in November 2009 with additions in October 2010 and May 2013 and will replace IAS 39 Financial Instruments: Recognition and Measurement (“IAS 39”). IFRS 9 uses a single approach to determine whether a financial asset is measured at amortized cost or fair value, replacing the multiple rules in IAS 39. The approach in IFRS 9 is based on how an entity manages its financial instruments in the context of its business model and the contractual cash flow characteristics of the financial assets. Most of the requirements in IAS 39 for classification and measurement of financial liabilities were carried forward unchanged to IFRS 9, except that an entity choosing to measure a financial liability at fair value will present the portion of any change in its fair value due to changes in the entity’s own credit risk in other comprehensive income, rather than within profit or loss. The new standard also requires a single impairment method to be used, replacing the multiple impairment methods in IAS 3. IFRS 9 is effective for annual periods beginning on or after January 1, 2018. Earlier adoption is permitted.

IFRS 11 – Joint Arrangements (“IFRS 11”) was amended in May 2014 to require business combination accounting to be applied to acquisitions of interests in a joint operation that constitute a business. The amendments are effective for annual periods beginning on or after January 1, 2016. Earlier adoption is permitted.

IAS 1 – Presentation of Financial Statements (“IAS 1”) was amended in December 2014 in order to clarify, among other things, that information should not be obscured by aggregating or by providing immaterial information, that materiality consideration apply to all parts of the financial statements and that even when a standard requires a specific disclosure, materiality considerations do apply. The amendments are effective for annual periods beginning on or after January 1, 2016. Earlier adoption is permitted.

IAS 12 – Income Taxes (“IAS 12”) was amended in January 2016 to clarify that, among other things, unrealized losses on debt instruments measured at fair value and measured at cost for tax purposes give rise to a deductible temporary difference regardless of whether the debt instrument’s holder expects to recover the carrying amount of the debt instrument by sale or by use; the carrying amount of an asset does not limit the estimation of probable future taxable profits; and estimates for future taxable profits exclude tax deduction resulting from the reversal of deductible temporary differences. The amendments are effective for annual periods beginning on or after January 1, 2017. Earlier adoption is permitted.

3. INTEREST IN EXPLORATION PROPERTIES AND DEFERRED EXPLORATION EXPENDITURES

The Company has interests in exploration properties in the Kenora Townships in Ontario, Canada, and the Buchans area of Newfoundland, Canada. Due to disappointing exploration results and/or lack of a current exploration plan or recent work, the Slate Bay property has been written off for accounting purposes.

a) Mary March Properties

(i) Glencore Joint Venture

The Company entered into an option and Joint Venture Agreement with Glencore plc (“Glencore”) whereby the Company has a 50% interest in the Mary March property located at Buchans Junction in central Newfoundland. The remaining 50% interest in the property is held by Glencore. The Company has a first right of refusal on Glencore’s 50% interest, should they wish to sell. Exploration of the property was held up approximately 10 years due to a title dispute that was resolved in 2012 in the Company’s favour by the Newfoundland and Labrador Supreme Court.

3. INTEREST IN EXPLORATION PROPERTIES AND DEFERRED EXPLORATION EXPENDITURES
(Continued)

a) Mary March Properties (Continued)

(i) Glencore Joint Venture (continued)

The property consists of 134 staked claims, two licenses, one lease and two patented lots.

Should the Glencore Joint Venture thus established proceed to production, the Company would make a one-time cash payment of \$2 million within six months of the commencement of commercial production. Canstar's share of production would be subject to a one percent (1%) net smelter return royalty ("NSR").

The Company is the operator of the Glencore Joint Venture and has the deciding vote in the event of a deadlock between the Company and Glencore. A diamond drilling program was recently completed in late 2012. The Company followed this up with a drill program in the fall of 2013. Glencore contributed \$150,000 towards the 2012 exploration costs of the joint venture but did not contribute to the 2013, 2014 and 2015 exploration expenditures. Glencore was therefore subject to a voluntary reduction due to non-participation of these exploration programs. Canstar now holds a 56% interest in the joint venture and Glencore holds a 44% interest.

During fiscal 2015, the Company received \$95,143 pursuant to the Junior Exploration Assistance program of the Department of Natural Resources of the Government of Newfoundland and Labrador. This program provides a grant of 50% of eligible costs incurred up to a maximum of \$100,000 per project. When the funds were received, they were recorded as a reduction to the carrying value of the Mary March Properties.

(ii) Mary March Extension Property

The Mary March Extension Property was acquired on April 7, 2009 and is comprised of 34 claims. The property is located immediately west and north of the Mary March Property.

In 2011, a previous option holder, Xmet Inc., completed two drill holes on the property and decided to discontinue the option agreement. Canstar holds a 100% interest in the property, which has been written off for accounting purposes.

b) Kenora Properties

On March 2, 2014, the Company entered into an option agreement to acquire several properties in the Kenora, Ontario area, collectively called the Kenora Gold Project. The Kenora Gold Project is situated in the Wabigoon sub-province, and located approximately 20 kilometres east of the Town of Kenora.

Canstar has a right to earn a 100% interest in the Kenora Gold Project by making cash payments totalling \$18,200 (fully paid) over a two year term, and issuing 200,000 common shares on or before March 2, 2016. The optionors will maintain a 3% NSR, subject to a buy-back right of \$1,000,000 for the first 1.5% and \$3,000,000 for the remaining 1.5%, which would reduce the NSR to 0%.

c) Slate Bay Property

The Slate Bay Property is comprised of eight contiguous patented claims located approximately 10 kilometres north of the town of Red Lake, Ontario. The Company earned a 75% interest in the property pursuant to an option and joint venture participation agreement entered into with Luxor Enterprises Inc. ("Luxor") on February 4, 2002.

The Company has attempted to joint venture this property without success. Accordingly, the property has been written off although the Company still retains its interest.

Warrant valuation (i)	-	(96,640)
Balance, December 31, 2015	88,959,714	\$ 11,002,852

(i) On December 23, 2015 and December 29 2015, the Company completed two tranches of a non-brokered private placement financing comprising an aggregate of 6,103,333 flow-through units at \$0.06 per unit for gross proceeds of \$366,200 of which \$23,863 was allocated to the flow-through premium. Each unit consists of one flow-through common share and one common share purchase warrant.

Each warrant entitles the holder to purchase one common share of the Company for a period of 24 months after closing at a price of \$0.10 in the first year after closing, and \$0.175 in the second year after closing if the holder so elects. When the closing price on the TSX Venture Exchange of the shares equals or exceeds \$0.175 per share in the first year after closing, or \$0.25 per share in the second year after closing, for a period of 20 consecutive trading days, the Company has the right to accelerate the expiry date of the warrants.

The grant date fair value of the warrants was estimated to be \$96,640 net of issue costs of \$1,564. The fair value of the warrants on the date of grant was estimated using the Black-Scholes option pricing model with the following assumptions: expected dividend yield of 0%, expected volatility of 130%, risk-free interest rate of 0.50%, and expected life of 2 years.

Finders fees of \$1,100 were paid and 29,600 finders warrants were issued, valued at \$1,062. The finders warrants are exercisable into units having the same terms as the private placement at an exercise price of \$0.06 for a period of two years.

Insiders of the Company acquired 1,283,333 units of the private placement for gross proceeds of \$77,000 (Note 7).

5. CAPITAL STOCK, OPTIONS AND WARRANTS (Continued)

(c) Stock Options

The Company has granted options for the purchase of common shares to its directors, officers, and consultants. The aggregate number of common shares which may be issued under the stock option plan is 15,000,000. The options are non-assignable and may be granted for a term not exceeding five years. The exercise price of the options is fixed by the Board of Directors of the Company at the time of grant at the market price of the common shares, subject to all applicable regulatory requirements.

A summary of changes in stock options is as follows:

	Number of Options	Weighted Average Exercise Price
Balance, June 30, 2014 and December 31, 2014	4,226,666	\$ 0.15
Granted (i)	2,750,000	0.05
Expired	(901,666)	(0.10)
Balance, June 30, 2015 and December 31, 2015	6,075,000	\$ 0.11

(i) On December 11, 2014, the Company granted 2,750,000 stock options to certain directors, officers and consultants of the Company, subject to shareholder and regulatory approval. Each stock option would allow the holder to acquire one common share of the Company at an exercise price of \$0.05 for a period of 5 years. On December 16, 2015, the grant received shareholder and regulatory approval. A grant date fair value of \$90,750 was estimated using the Black-Scholes option pricing model based on the following weighted average assumptions: expected dividend yield of 0%; risk free interest rate of 0.71%; expected life of 4 years; and an expected volatility of 114% based on the Company's historical trading data.

The total value of share-based payments for the three and six months ended December 31, 2015 was \$36,362 and \$53,550, respectively (three and six months ended December 31, 2014 - \$813 and \$2,719).
